

WELCOME!

What's new since NerdioCon 2024

MSP PARTNERS

Number of MSP partners grew by more than 120%

ENTERPRISE PARTNERS

300+ Enterprise System Integrators

EMPLOYEES

Our team doubled in 2024

ANNUAL RECURRING REVENUE

Doubled our revenue

AZURE CHANNEL REVENUE

Influencing over \$350M of annual Microsoft revenue

Our Mission

Simplify the lives of IT professionals and maximize their Microsoft cloud and end user computing investments.

Since NerdioCon 2024

16 product releases with 200+ new features

FOR MSPs

Microsoft 365 management

Console Connect

Unified identity management (AD & Entra ID)

Cross-tenant solution baselines and policy management

FOR Enterprises

Auto-scale Insights

Actionable dashboards

User self-service portal

Al-powered functionality

OU manager nerdio for msp

2025 Major Initiative:

One platform, total control

Manage Azure, DaaS, and Microsoft 365 in One Platform

Improve Security Posture & Compliance

Diagnose and Resolve Issues Faster

Boost IT admin efficiency with automation & PSA integration

Platform TCO Report for 2025Kristina-1.nerdio.int

Based on the configured rules, Windows 365 would meet this user's requirements and achieve a Total Cost of Ownership (TCO) saving compared to AVD Personal Desktop.

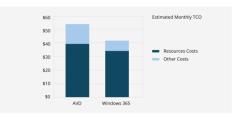

Rule: AVD Personal

Recommendation as of: March 28, 2025 07:51 PM

Current resource: AVD Personal: D4_v5 (4 Cores, 16GB RAM, 128GB E10/Standard SSD)

Recommended resource: Windows 365 Enterprise: 4 Cores, 16GB RAM, 128GB Storage

Current TCO:	\$55.00
Recommended TCO:	\$34.00
Cost impact:	-\$35.51 (41%)
Resource impact:	Cores: No change RAM: No change

▼ Details

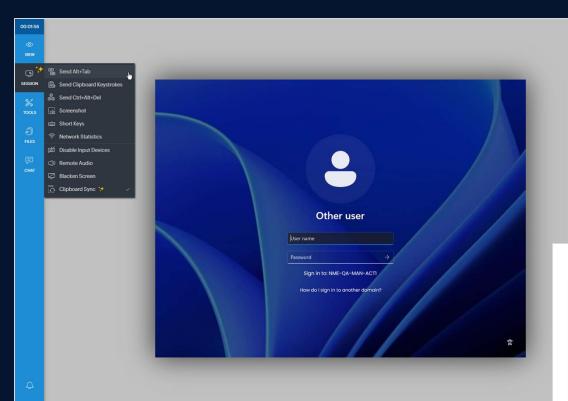

ITEM	COST TYPE	CURRENT (AVD)	RECOMMENDED (Windows 365)	COST IMPACT
Resource Costs	Resource	\$40.00	\$33.00	-\$7.00
Nerdio Manager License	Resource	\$7.00	\$3.00	-\$4.00
